

February 21, 2017

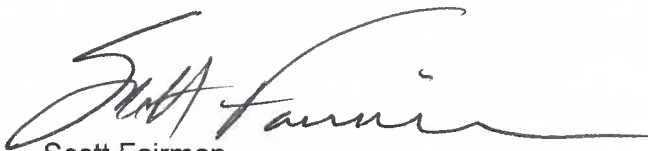

Dear Mr. Hinkley,

I want to take a moment and thank you for providing our Kindergarten through 3rd Grade students with the Books4Kids program offered through Literacy and Beyond. It is a wonderful program that helps our students and families build an at home library. A large number of our students have a limited number of books in their home. Many of them can't afford to purchase quality, high interest books. The students are so excited to pick out a new book each month and take it home to share with their families. We have found that it helps to build relationships at home and provides the students with something positive and enjoyable do with their loved ones.

I would like to thank you for your generosity by including Woodrow Wilson Elementary in the Literacy and Beyond's Books4Kids program. We appreciate the time, money and effort you put into this program to help our students gain a love for reading, by believing and instilling the importance of literacy in education.

Thank you for all you do for the Port Huron Schools and our community!

Sincerely,

Scott Fairman
Principal
Woodrow Wilson Elementary
